

WinBridge PVA
Quick Start
Revised August 20, 2026

1. Turn on Amplifier. The button is on the right side of the Amp, next to the button labeled 'M'. Hold the button down for a few seconds.
2. Turn on handheld Mic using the button on the mic. It will automatically pair with the Amp.
 - a. If using the Headset instead of handheld Mic, turn on Headset with the sliding switch on the headset. You must wear the headset and keep the Mic section close to your mouth.
3. Use the 'Mic. Vol' button if the sound isn't loud enough.
4. When done, turn off the Mic and Amp.

.....

To charge the Amp and Mic

1. There is a labeled cable with two connector ends. You can charge through the USB Hub on the TV Cart or by connecting to a charging block and a wall outlet.
